# ONE LAST THING:

You are responsible to see if live streaming is possible from your planned location.

There are two main questions that need to be answered for any location;

1. is if there a functioning ethernet port and
2. is there enough space for Ram TV to set up its equipment?

Please contact the IT department at 325-942-2911 to submit a ticket to find out. IT can let you know if live streaming is feasible from your requested venue and should be consulted immediately.

If you have any further questions about our live streaming service, please contact Donald Plachno, Interim Director of Ram TV at [dplachno@angelo.edu](mailto:dplachno@angelo.edu).

**Disclaimer:** Live stream services are offered on an “as is” and “as available” basis and without warranty of any kind. You use our service at your own risk. RAM TV will not be held liable for errors, delays, unavailability or inaccessibility of internet service(s), electronic error, or technical failures of any kind.
